

Social Value Policy Statement

As a business within the construction industry, Quinn London have a responsibility to be sustainable, trusted, and progressive in order to deliver quality, construction, solutions. This policy outlines our commitment to improve the social, economic, and environmental aspects of the communities that we work in.

We assist our customers in maximising well-being of local communities in accordance with the The Public Services (Social Value) Act 2012. This policy is supported by our board of directors and will be delivered through collaboration with our supply chain partners. Quinn London is committed to:

Promoting Local:

- To promote growth and development opportunities within a community and provide opportunities for individuals to develop new skills and gain meaningful employment.
- Focus on local businesses to work as part of our supply chain.
- Recruiting locally - Any project specific job vacancies and opportunities within a project would be promoted to the local community in the first instance to ensure that we are recruiting local and giving back to the community.
- Removing barriers to employment in the construction industry for under-represented and disadvantaged groups

Resilient Communities:

- To build stronger and deeper relationships with the voluntary and social enterprise sectors whilst continuing to engage and empower residents
- Investment into community buildings that are a high in priority to the local community, such as a youth charity, food bank etc.
- Make improvements to outside spaces, football pitches green spaces.
- Hoarding artwork competitions for children in the local community and improved security

- Voluntary employee hours to improve the local communities, i.e. litter picking/social projects

Think Green:

- To ensure the places where people live and work are cleaner and greener.
- Using resources efficiently to reduce waste and maximise value
- To promote sustainable procurement and secure the long-term future of our planet.
- Make improvements to unused green spaces or dead land replanted
- Donations for environmental improvements i.e. community led vegetable garden
- Playing our part to reduce air pollution, noise, vibration and nuisance within the local communities where we work.
- Think green employee volunteer days

Governance, Measurement and Reporting:

- Maintaining clear accountability for delivering this policy
- Monitoring and reporting our social value impact by using recognised independent tools
- Continually improving our standards, efficiency and effectiveness.

We will communicate this policy to our employees, supply chain partners and relevant interested parties and review on an annual basis.
